Section 9 of the National School Act requires that, unless your food stamp or your child's TANF case number is provided, you must include a social security number on the application. This may be either the social security number of the parent or guardian who is the primary wage earner or the social security number of the adult household member signing the statement, or an indication that neither household member possesses a social security number. Provision of a social security number is not mandatory, but if a social security number is not provided or an indication is not made that neither the primary wage earner nor the adult household member signing the application has one, the statement cannot be approved. This notice must be brought to the attention of the household member whose social security number is disclosed. The social security number may be used to identify the household member in carrying out efforts to verify the correctness of information stated on the statement. These verification efforts may be carried out through program reviews, audits, and investigations and may include contacting employers to determine income, contacting a food stamp or welfare office to determine current certification for receipt of food stamps or TANF benefits, contacting the State employment security office to determine the amount of benefits received and checking the documentation produced by the household member to prove the amount of income received. These efforts may result in a loss or reduction of benefits, administrative claims, or legal actions if incorrect information is reported.
